# DARE

**“Gate Operation  
Made Easier...  
Life Made  
Simpler!”**

## EASY OPERATION

- Self-Latching, One-Handed Operation
- Universal Mounting, Universal Striker Bar
- Allows for Ground Shifting
- Do-It Yourself—  
Hardware and Directions Included
- Lockable
- Fits Most Gates

# Here's How It Works!

## *One-Way Latch: Allows Gate to Swing One Direction*

1. The gate swings closed and the striker bar hits the ring.

2. The ring rolls up.

3. The ring drops down and the gate is shut and SECURE.

## *Add a Lock*

Any padlock can be used to lock the gate.

## *Two-Way Latch: Allows Gate to Swing Either Direction*

1.

2.

3.

## Applications

### Farm & Ranch Gates

### Garden Gates

### Residential Gates

### Dog Kennels
